II. CONSOLIDATED REVENUE FUND.

TABLE No. 4.—ANNUAL RESULTS OF REVENUE TRANSACTIONS.

NOTE.—Until the end of 1906-7 the whole balance of the Consolidated Revenue Fund was paid to the States. In 1907-8 the whole of the balance was paid to the States after the provision of £193,621 had been made for expenditure in subsequent years under Invalid and Old-age Pensions Trust Account. From 1908-9, and until the abolition of the bookkeeping provisions of the Constitution in 1910-11 the States received only three-fourths of the net Customs and Excise Revenue, and the balance of the Consolidated Revenue Fund was transferred to Invalid and Old-age Pensions, and Naval Defence (Construction of Fleet) Trust Accounts to provide for expenditure in subsequent years. From 1910-11 until the end of 1926-27 the States received twenty-five shillings per head of population per annum. The States Grants Act 1927 abolished the *per capita* payments as from 30th June, 1927, and provided lump sum grants for the year 1927-28, subject to the terms of any agreement made between the Commonwealth and all the States.

A "Financial Agreement" since made between the Commonwealth and the States, and validated by the Commonwealth Parliament under an amendment of the Constitution, provides, *inter alia*, for (a) an annual payment by the Commonwealth from 1st July, 1927, of £7,584,912 towards interest on State Debts, (b) annual sinking fund contributions by the Commonwealth from 1st July, 1927, at the rate of 2s. 6d. for each £100 of Net State Debts existing on 30th June, 1927, and £s. for each £100 of New Debts created after that date, (c) the Commonwealth to receive over State Debts existing on 1st July, 1929, and the States to provide all interest thereon in excess of the annual sum of £7,584,912 provided by the Commonwealth.

From 1910-11 to 1939-40 the balance of the Consolidated Revenue Fund was appropriated for payment of Invalid and Old-age Pensions, War Pensions and other services for which Parliamentary appropriations were available, including reduction of the accumulated deficit.

The Consolidated Revenue Fund for the financial years 1940-41 to 1945-46 was exactly balanced, as all available revenue after charging ordinary services was used for war purposes.
