

Payments to the states

This annex provides accrual estimates of Australian Government payments to state and territory governments (the states) and local governments. This includes Australian Government advances (loans) to the states, including new advances, interest on advances and repayments of advances. The Australian Government advances the states loans under a range of agreements. These advances have often been over very long repayment periods (some in excess of 50 years), although the terms of each agreement vary.

Each table presents estimated payments to the states for the period 2024–25 to 2027–28 as follows:

C.A.1 - health

C.A.2 - education

C.A.3 - skills and workforce development

C.A.4 - community services

C.A.5 - affordable housing

C.A.6 - infrastructure

C.A.7 - environment, energy and water

C.A.8 - contingent payments

C.A.9 - other payments

C.A.10 - GST payments and general revenue assistance

C.A.11 - payments presented on the Australian Bureau of Statistics Government Finance Statistics (GFS) functional basis

C.A.12 - advances, repayment of advances and interest payments.

- a) State totals do not sum to the national total. A slippage adjustment has been applied to Infrastructure Investment Program spending at the national level in 2024–25, 2025–26 and 2026–27 to take account of historical experiences, including the timing of states claiming payments against milestones and the complexity of delivery. State totals are unaffected by the slippage assumption. The adjustment has been unwound over 2027–28 to 2032–33. See Box C.1 in Appendix C for further details.
